

THE BURKATRON COLLECTION [by: *Caroline Burke*]

My collection combines my love of **pop art** colour and playful approach to design. Nail art is a new and exciting arena to experiment in; I'm constantly looking for inspiration and patterns to inspire a new design. It comes in many forms from **fashion catwalks** to **Japanese cartoons**.

I hope this is reflected in my collection; for me nail art is a way to **innovate**, **make a statement**, but most importantly to **have fun!**
