

THE DAINTY SQUID COLLECTION [by: Kaylah]

My collection of nail designs were inspired by my love of **geometric** shapes, **bold** lines, and **monochromatic** color schemes. With a little help from my friends, I came up with some silly puns to name them each.

Top O' the Mountain to Ya, when I first looked at it reminded me of upside down mountains. (*You've Got a) Spring in Your Step*, with it's three shades of green is reminiscent of spring to me. Finally, *Sea Ya Later*, of course, reminds me of a great body of water with those pretty shades of blue.
